Nota preliminar

La nulidad de los contratos de crédito en moneda extranjera.

The judgement of the Court of Justice of the European Union of 20 September 2017, Case C-186/16 Andriuc and Others, established the case law on the abusive nature of contractual clauses in foreign currency loan contracts, in conjunction with Council Directive 93/13 / EEC of 5 April 1993 on unfair terms in consumer contracts. Based on this, it is for the Spanish courts to verify the set of circumstances that led to the conclusion of the contract and to verify, if all the elements that may affect the scope of the contract were communicated to the consumer, particularly, the total cost of the loan.
