### Directive Articles

Distance Selling Directive, [link](#) Consumer Rights Directive, [link](#)

### Headnote

The author gives an overview of the rules applicable when closing electronic deals and agreements and the possible consequences when violating those rules. He concludes that it is easy to undergo a small error, which might have extensive sanctions as a consequence. The article is focussed on the duties of information disclosure and touches upon the subject of other criteria during the proces of buying and selling at a distance.
